2002 INDEX

Water Environment Research
Vol. 74

Abeysinghe, D. H.,
nitrifying system bioaugmentation 187

Activated sludge,
biomolecular database 480
deflocculation 306
Literature Review 385
microbial community characterization 437
nitrification 68
polyphosphate-accumulating organism separation 354

Adbel-Wahab, A.,
cooling-water chloride removal 256

Administration,
Literature Review
www.wef.org/applications/periodicals/

Adsorption,
textile dyes 521

Aerated–anoxic process,
enhanced biological phosphorus removal 428

Aerobic biofilters,
swine wastewater treatment 91

Aerobic suspended culture processes,
Literature Review 385

Agricultural wastes,
Literature Review
www.wef.org/applications/periodicals/

Ahring, B. K.,
thermophilic digestion 494

Air treatment,
biotrickling filters 557

Aircraft deicing fluid wastes,
toxicity 149

Akin, T.,
explosives denitrification 338

Alam, M. Z. B.,
ultraviolet radiation residual effects 248

Almeida, M. C.,
in-sewer wastewater characterization 295

Anaerobic baffled reactors,
low-strength wastewater 170

Anaerobic degradation,
methanethiol 264

Anaerobic digestion,
aircraft deicing fluid 149
temperature-phased process performance 142

Anaerobic migrating blanket reactor,
biomass staging 450

Anaerobic processes,
Literature Review
www.wef.org/applications/periodicals/

Anaerobic treatment,
low-strength wastewater 170

Analytical methods,
defined substrate methodology 131
Literature Review
www.wef.org/applications/periodicals/
molecular biology 421
organocyanide compound chlorination 51

Angenent, L. T.,
anaerobic migrating blanket reactor 450

Annachhatre, A. P.,
nitrification inhibition modeling 531

Antimicrobial processes,
Literature Review
www.wef.org/applications/periodicals/

Aquaculture wastewater,
constructed wetlands treatment 136

Aquatic sediments,
Literature Review
www.wef.org/applications/periodicals/

Arena, B.,
methanethiol degradation 264

Ashbolt, N.,
wastewater irrigation risk assessment 411

Automation,
Literature Review
www.wef.org/applications/periodicals/

Automotive wastes,
Literature Review
www.wef.org/applications/periodicals/

Azo dyes,
biodegradability 221

Babcock, R. W. Jr.,
biodegradable dissolved organic carbon method 317

Bacterial control,
clay particles 235

Bacteriophage,
UV radiation 516

Baker, D. B.,
urban stormwater runoff 82
Ball, P.,
biofiltration 17
Balzina, M.,
defined substrate methodology tests 131
Batchelor, B.,
cooling-water chloride removal 256
Batzer, G.,
infectivity of *Giardia* cysts 541
Baumann, E. R.,
agricultural runoff (editorial) 115
Baveye, P.,
fate of pollutants (Literature Review)
www.wef.org/applications/periodicals/
Bérubé, P. R.,
pulp and paper mill effluents (Literature Review)
www.wef.org/applications/periodicals/
Bewtra, J. K.,
nitroaromatics degradation. 280
Bhandari, A.,
pesticides and herbicides (Literature Review)
www.wef.org/applications/periodicals/
Bhatti, A. I.,
lake and reservoir management (Literature
Review) . . .www.wef.org/applications/periodicals/
Biedscheid, J. A.,
radioactive wastes (Literature Review)
www.wef.org/applications/periodicals/
Biesterfeld, S.,
nitrifying biofilms 470
Biksey, T. M.,
ecological and human health risk assessment
(Literature Review)
www.wef.org/applications/periodicals/
Bioaugmentation,
nitrifying systems 187
Biocide,
water bacterial control. 235
Biodegradation,
azo dyes 221
nitrification inhibition modeling 531
Biofilm reactors,
gas-phase toluene removal. 288
nitrification 68
Biofilms,
mercury reduction 77
Biofiltration,
odor control. 5, 17
Biological fixed-film systems,
Literature Review
www.wef.org/applications/periodicals/
Biological treatment,
explosives 338
molecular biology 421
Biomass staging,
anaerobic migrating blanket reactor. 450
Biosolids,
coliform enumeration. 526
Biotrickling filters,
odor and volatile organic compound
treatment 557
Biswas, N.,
nitroaromatics degradation. 280
Bodo, K. A. M.,
health effects (Literature Review)
www.wef.org/applications/periodicals/
Bott, C. B.,
activated-sludge deflocculation 306
Bowman, R.,
automotive wastes (Literature Review)
www.wef.org/applications/periodicals/
Browman, M. G.,
power production wastes (Literature Review)
www.wef.org/applications/periodicals/
Brown, J. R.,
competitive polymerase chain reaction
quantification of bacteria 462
Brumelis, D.,
physicochemical effluent disinfection 33
Buckman, M.,
effects of pollution on marine organisms
(Literature Review)
www.wef.org/applications/periodicals/
Burian, S.,
urban wet-weather flows
www.wef.org/applications/periodicals/
Butler, D.,
in-sewer wastewater characterization. 295
Büyüksönmez, F.,
hazardous waste assessment, management,
minimization (Literature Review)
www.wef.org/applications/periodicals/
Cao, K.,
entrapped mixed microbial cell process. 226
Carbon removal,
entrapped mixed microbial cell process. 226
Castric, D. A.,
defined substrate methodology tests 131
Catalytic wet oxidation,
dichlorophenol. 28
Cha, D. K.,
azo dye biodegradability 221

Chemical effects on microorganisms,
Literature Review
www.wef.org/applications/periodicals/

Chemicals and allied products,
Literature Review
www.wef.org/applications/periodicals/

Chiu, P. C.,
azo dye biodegradability 221

Chloride removal,
cooling water. 256

Chlorination,
groundwater ammonium 177
organocyanide compounds. 51

Chlorophenols,
catalytic wet oxidation. 28

Chu, W.,
azo dye photodegradation 488

Circulating-bed biofilm reactor,
toluene removal. 288

Clarifiers,
limiting solids flux. 200

Clark, S.,
urban wet-weather flows
www.wef.org/applications/periodicals/

Clay particles,
biocide performance 235

Clesceri, L. S.,
chemical effects on microorganisms (Literature Review) . . .www.wef.org/applications/periodicals/

Climate change,
urban stormwater runoff 82

Coastal pollution,
urban stormwater runoff 82

Coliform bacteria,
enumeration in waste activated sludge 526

Competitive polymerase chain reaction,
bacteria quantification 462

Constructed wetlands,
aquaculture wastewater treatment 136

Converse, B. M.,
odor and volatile organic compound treatment 557

Cora, M. G.,
chemicals and allied products (Literature Review)
www.wef.org/applications/periodicals/

Corrosion,
aircraft deicing fluid 149

Costanza, J.,
groundwater quality (Literature Review)
www.wef.org/applications/periodicals/

Cox, H. H. J.,
odor and volatile organic compound treatment 557
thermophilic digestion 494

Cravens, J. B.,
thermal effects (Literature Review)
www.wef.org/applications/periodicals/

Crittenden, J. C.,
biofiltration 5, 17

Dahling, D.,
viral analysis of groundwater 564

Dararat, S.,
anaerobic processes (Literature Review)
www.wef.org/applications/periodicals/

Darby, J. L.,
helminth egg inactivation rates 362

Darnault, C. J. G.,
fate of pollutants (Literature Review)
www.wef.org/applications/periodicals/

Database,
activated-sludge microbial communities 480

Davis, J. F.,
shallow stream photosynthesis. 370
biodegradable dissolved organic carbon method. 316

de los Reyes, F. L.,
activated-sludge microbial communities 437
molecular methods (Literature Review)
www.wef.org/applications/periodicals/

de Silva, D. G. V.,
nitrifying system bioaugmentation. 187

Dechlorination,
azo dye 488

Defined substrate methodology,
indicator bacteria enumeration. 131

Deng, B.,
physicochemical processes (Literature Review)
www.wef.org/applications/periodicals/

Denitrification,
sequencing batch reactor 324
explosives 338

Deshusses, M. A.,
odor and volatile organic compound treatment 557
thermophilic digestion 494

Desulphonation,
azo dye 488

Digestion,
thermophilic operation. 494

Dionisi, H. M.,
competitive polymerase chain reaction quantification of bacteria 462

Disinfection,
bacteriophage susceptibility to UV radiation . .516
Literature Review
www.wef.org/applications/periodicals/
ozonation . . . . . .Paraskeva
physicochemical effluents 33
ultrasound 159

Dwight, R. H.,
urban stormwater runoff 82

Dye stuffs,
electroadsorption 521

Dye treatment,
electrochemical oxidation 117

Dyes,
photodegradation 488

Ecological and human health risk assessment,
Literature Review
www.wef.org/applications/periodicals/

Effects of chemicals on microorganisms,
Literature Review
www.wef.org/applications/periodicals/

Effects of pollution on marine organisms,
Literature Review
www.wef.org/applications/periodicals/

Eisenberg, D.,
wastewater microfiltration 210

Electroadsorption,
textile dyes 521

Electrolysis,
dye treatment. 117

Eliosov, B.,
activated sludge and other aerobic suspended culture processes (Literature Review) 385

Ellis, T. G.,
activated sludge and other aerobic suspended culture processes (Literature Review) 385
temperature phased anaerobic digestion. 142

Emerging chemicals,
Literature Review
www.wef.org/applications/periodicals/

England, E.,
biological fixed-film systems (Literature Review)
www.wef.org/applications/periodicals/

Enhanced biological phosphorus removal,
microbiology 428
polyphosphate-accumulating organism separation 354
volatile fatty acids. 57

Enriquez, J.,
methyl *tert*-butyl ether attenuation. 122

Entrapped mixed microbial cell process,
organics and nitrogen removal. 226

Environmental law,
Literature Review
www.wef.org/applications/periodicals/

Explosives,
biological denitrification 338

Facility optimization,
Literature Review
www.wef.org/applications/periodicals/

Fahie, C. R.,
agricultural wastes (Literature Review)
www.wef.org/applications/periodicals/

Fate and effect of pollutants,
Literature Review
www.wef.org/applications/periodicals/

Fate of pollutants,
Literature Review
www.wef.org/applications/periodicals/

Fatemi, M.,
emerging chemicals and analytical methods (Literature Review)
